• Keep about a foot of space around the unit to make sure that there is proper ventilation.

• Bamboo Skewers will continue to rotate while marshmallows roast.
• When cooking has completed, the Timer will ding.
• To shorten the cooking time, simply turn the Timer to a shorter setting. If you wish to roast marshmallows for a longer period of time after full 2 minutes has completed, simply set Timer again before removing Bamboo Skewers. Be careful to not burn the marshmallows.

HELPFUL TIPS

MARSHMALLOWS
The OLD FASHIONED S’MORES MAKER is designed to use only up to four giant marshmallows per Bamboo Skewer at a time. DO NOT overfill Bamboo Skewers, as marshmallows expand during cooking and they may not rotate properly.

Packaged marshmallows tend to become misshapen. For proper rotation, it is best to mold marshmallows back into cylindrical shape before sliding onto Bamboo Skewers for cooking.

If marshmallows begin to drip or drag on Drip Tray, turn machine off and allow to cool, then move marshmallows on Bamboo Skewers to ensure proper rotation. Remove any dripping marshmallows to make sure that they do not burn.

BURNING/SMOKING
If the machine is burning or smoking during cooking, turn Timer to 0 to end the cooking cycle. After machine has cooled completely, remove the marshmallows.

Smoking may also be caused by marshmallow drippings stuck to the Drip Tray. To prevent smoking, make sure to clean the Drip Tray after each use.

CLEANING & MAINTENANCE
Make sure the unit is unplugged before cleaning. Allow all parts to COOL to the touch, especially the Drip Tray.

• Always make sure that Drip Tray is cleaned in between uses if marshmallow drips onto it to prevent burning.
